Rick Hubbard celebrates more than a decade of providing positive family entertainment throughout the United States, and every moment has been KAZOOBIE! Rick invented the word "kazoobie" to describe his performance. It means "exceptional, fun, involving everyone." Audience involvement is the key, and **no entertainer in America gets more audience members into the show** than Rick Hubbard. Each person receives a **FREE KAZOO*** and performs with Rick in the grand finale. Leading up to this kazoobie event, Rick performs his popular original songs.

Bob Diverde started making people laugh at an early age simply because he's a natural at comedy. His career started at a Comedy Club in Chicago and before he knew it the famed Comedy Store in California called and the rest is history. He has appeared with some of the greats, Robin Williams, Jay Leno, Howie Mandell, and the list goes on. Bob is a multi faceted comic who not only writes his own material, but has also written several situation comedy pilots. Bob has an extremely unique show in that he comedically impersonates classic and current celebrity characters.
